- COOL & WARM MODE
- WIRELESS REMOTE CONTROL
- ELECTROSTATIC PURIFYING SYSTEM

CENTRAL AIR Air conditioners.. Coolness & Durability

More than justify the decision to buy

CENTRAL SPACE AIR

FRESH & COOL AIR

NEW INVENTION OFFERING A VARIETY OF YOUR OWN APPLICATIONS

Central Space Air has various special features, adjustable size, high durability, light weight, mobility, etc... It is the innovation creating an attractive design for use of indoor and outdoor.

It helps save time and costs due to not requiring installation, drainage in a container and easy to use by just plugging it in. It is made of a special insulating material, light weight, long lasting and flame retardant, which blocks the outside heat or cold from entering and helps keep an even temperature.

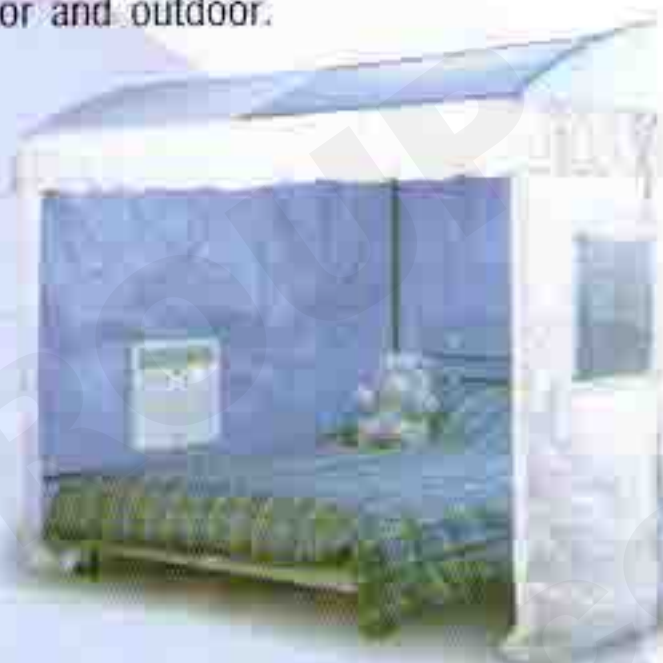

The temperature set up, cool or warm, controlling by a 6000 BTU air conditioner to ensure the temperature inside remain stable in the well-insulated area. Its Electrostatic Purifying System (EPS) is used for filtering particles smaller than 0.1 micron to clean the air and remove common airborne pollution. There are an automatic humidifier and a user-friendly working system, which makes maintenance easy.

- Control of the system by a Control Panel or Wireless Remote Control
- Automatic Temperature Adjustment for more comfort during sleep
- 15-Hour Programmable Timer allowing the preset on-off time for system operation

SPECIFICATION

MODEL		CSA-CW 06
COOLING CAPACITY	BTU / Hr.	6000
EER	BTU / Watts	9.8
SUPPLY	V / Ph / Hz	220 / 1 / 50
COMPRESSOR	TYPE	ROTARY
POWER INPUT	Watts	610

DIMENSION H x W x D (mm)		WEIGHT Kg.	
PACKING	NET	PACKING	NET
885x495x495	865x440x475	47.7	45.5

Purified Air

With Electrostatic Purifying System ...

Economy

Saving electricity chages ...

Convenience

Just plugging in to cool down / warm up your area ...

Mobility

Moving easily to wherever you want ...

Cool / Warm

Air conditioning the specific area cool or warm with various uses ...

Flexibility

Adjustable size, 3.2 - 4.6 square meters for applications ...
